

NUAIRE. THE COMPLETE VENTILATION SOLUTION

GENIE PLUS

New to Nuaire's established and proven Genie family

- High energy efficiency
- Low carbon
- Low energy
- Low running costs
- Low noise levels
- 5 year warranty*

The Nuaire range of Genie Plus LowWatt fans utilises market leading, high efficiency motor technology, allowing them to operate at low noise levels and low running costs. The range has a contemporary design with a discreet low profile option. Perfectly suited to residential repairs and maintenance, ideal for bathroom and kitchen extract and can be mounted on the wall or ceiling.

The property will benefit from having moisture and pollutants removed from the air, preventing the problems associated with condensation dampness.
